

# CPD EVENT RECORD

## CONNECTING THE HIP AND SPINE

with Dr Carl Todd PhD

**Live Event:**  
Learning  
With Others

This discussion covered the factors involved in hip and spine dysfunction: anatomy, movement and load. Different diagnostic criteria were considered and treatment options described.  
The validity of different tests was also explained and the difficulties of ensuring compliance with rehab routines and reporting outcomes explored.

Communication & Consent: No

  
Academy  
of PHYSICAL MEDICINE

### Evaluation, Reflection and Impact on Practice (this part of the certificate is **not** automatically generated - it has been entered by the participant)

This CPD was an excellent overview of differential diagnosis and rehab in hip/spine cases and will be useful in improving my handling of future patients.
