

**This is to certify that Anthony Brindle
watched the recording of the broadcast
“Frozen Shoulder: Osteopathic and Orthopaedic Approaches”,
read the summary paper and completed the related assessment
on March 8, 2023, 2:30 pm**

This amounts to 1 hour's CPD (Learning by Oneself)

Relevance: Understanding the histopathology and presentation of frozen shoulder, differential diagnostic criteria, treatment options and likely outcomes in both manual therapy and orthopaedic surgery.

Confirmation:

**I confirm that the hours shown above are a true reflection of the time
devoted to this training.**
