

Educator Development Schedule

With the anti-doping landscape ever changing we want to support you in the delivery of up to date and engaging Clean Sport education, please see more information and registrations for the upcoming Clean Sport live Webinars and NEW Collaboration Clinics.

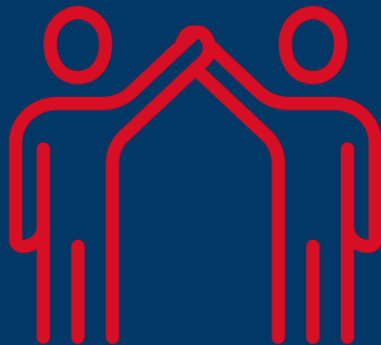

Clean Sport Live

Clean Sport Live is back!

The Clean Sport Live webinar series was reintroduced in 2018 to provide regular professional development to the Education Delivery Network's (EDN) Accredited National Trainers and Educators. The webinars focus on a range of anti-doping topics aimed to upskill and increase your knowledge on anti-doping so you can best deliver clean sport education workshops.

Topics for all Clean Sport Live webinars have been identified through user feedback and demands, these cover important subjects you need to be aware of, from the Prohibited List changes to initiatives such as Protect Your Sport.

These webinars are spread out throughout the year to give you a chance to digest all the information and to share the relevant updates in your education sessions at the appropriate times.

Collaboration Clinics

Our newly introduced Collaboration Clinics are all about making clean sport delivery the best it can be! These interactive sessions are based on specific areas of delivery inside and outside the classroom, enabling you to promote clean sport and discuss best practice with fellow Educators.

For each topic we are running two sessions to help work around your schedule. You only need to attend one date, so register for the session/ date that works best for you! You can sign up by clicking on the date of your chosen topic below. We encourage you to attend all the topics to ensure you are up to date on these important areas of anti-doping.

These will all be conducted over Zoom so you can join from any location.

Please see below the key dates for the upcoming Clean Sport Live Webinars. Sign up by clicking on the date for the topic below!
