

# CPD EVENT RECORD

## PATIENT HANDLING AND TREATMENT (1)

with Prof Laurie Hartman

**Live Event:**  
Learning  
With Others

### Summary

This was a demonstration of a complete treatment process, including greeting the patient, history taking and treatment. It was followed by a 15-minute question-and-answer session, during which Prof Hartman explained why he had taken the approach he did. In this case the patient was a 45-year-old woman, with bilateral hip pain and a history of abdominal (and other) surgery.

of PHYSICAL MEDICINE

### Evaluation, Reflection and Impact on Practice (this part of the certificate is **not** automatically generated - it has been entered by the participant)

This rare opportunity to watch a highly experienced practitioner go through a full treatment process was very useful in reminding me of the need to make sure treatments are concise and focused. I will adapt elements Prof Hartman's approach to help me handle my own patients better.
