

CPD EVENT RECORD

PATIENT HANDLING AND TREATMENT (2)

with Prof Laurie Hartman

Live Event:
Learning
With Others

Summary

This was a demonstration of a complete treatment process, including greeting the patient, history taking and treatment. It was followed by a 15-minute question-and-answer session, during which Prof Hartman explained why he had taken the approach he did. In this case the patient was a 45-year-old competitive horse-riding woman, with shoulder pain and dysfunction.

Evaluation, Reflection and Impact on Practice *(this part of the certificate is **not** automatically generated - it has been entered by the participant)*

This rare opportunity to watch a highly experienced practitioner go through a full treatment process was very useful in reminding me of the need to make sure treatments are concise and focused. In this case, treatment did not have a dramatic effect, but I can learn from Prof Hartman's manner how to deal with such situations in my own practice.
