

CPD EVENT RECORD

NEUROLOGICAL TESTING

with Jake Cooke MChiro

Live Event:
*Learning
With Others*

This was an highly informative explanation and demonstration of neurological testing in connection with chronic pain. Relevant anatomy and physiology were shared and explained throughout. Headaches and whiplash were discussed in depth and the potential for pain to spread beyond the initial dermatome was highlighted, emphasising the need for accurate diagnosis of the primary cause.

Academy
of PHYSICAL MEDICINE

Evaluation, Reflection and Impact on Practice (this part of the certificate is **not** automatically generated - it has been entered by the participant)

This seminar brought up some useful neurological tests to be applied in chronic pain cases, as well as delving into diagnostic processes. These will be helpful to me in getting speedier, more effective outcomes in my patients.
