

CPD EVENT RECORD - LEARNING WITH OTHERS

CASE-BASED DISCUSSION

with Claire Short

LIVE EVENT

22nd April 2025

50
minutes

Summary

This discussion focused on consent issues for patients under 16. It explored Gillick competence, ongoing consent, safeguarding, and practical challenges in evaluating capacity. Emphasis was placed on strict adherence to safeguarding practices, clear communication, and documentation. The definition of parental responsibility was made clear.

NICE Guidelines: NG108 - Decision-making and mental capacity.

Principles and Standards of Practice

This discussion constitutes an Objective Activity.

Certification

This certificate confirms that

Kieran Chhabra

participated in this CPD event

S L BRUCE, APM Director

Please note: the time shown on the certificate reflects the duration of the event. When claiming your CPD, you should ensure that you only claim for the time you were present. In the event of an audit, APM records can be used to show the time at which you logged in.

Evaluation, Reflection and Impact on Practice *(this part of the certificate is **not** automatically generated - it has been entered by the participant)*

Reflecting on this training has reinforced the complexity and importance of consent, particularly regarding younger patients and assessing Gillick competence. It highlighted the necessity of viewing consent as an ongoing dialogue rather than a single event, and has helped me understand better the roles of those with parental responsibility, chaperones and advocates.
