Summary

This discussion explored upcoming changes to tax regulations affecting healthcare professionals, particularly the introduction of Making Tax Digital for sole traders. It covered the benefits and challenges of using accounting software like Xero, explained key financial terms such as profit, turnover, and cost of sales, and provided practical advice on allowable expenses, record-keeping, and choosing between sole trader and limited company status to enhance tax efficiency and financial compliance.

Evaluation, Reflection and Impact on Practice *(this part of the certificate is **not** automatically generated - it has been entered by the participant)*

I now understand the implications of Making Tax Digital and how to implement compliant systems. This session has shown me how digital tools can ease financial stress and improve record-keeping. I will assess whether to apply this new regulation to manage my clinic more efficiently and ensure I satisfy HMRC requirements.
