

# CPD EVENT RECORD

## DECODING MYALGIC ENCEPHALOMYELITIS (ME)

with Dr David Strain and Sonya Chowdhury

**Live Event:**  
*Learning  
With Others*

This discussion explored the current evidence for the various potential causes of ME. Diagnostic criteria were laid out and treatment options explained. An important element was that earlier treatment protocols (Cognitive Behavioural Therapy and Graded Exercise) were based on flawed research and were no longer applicable in their original context.

DecodeME, the largest study into ME in the world, was explained and the likely timescale for change laid out.

The role of physical therapists was also explored.

### Chiropractic Code 2016

**A** Put the health interests of patients first

A1 A2 A3 A4 **A5** A6 A7

**B** Act with honesty & integrity. Maintain the highest standards of professional/personal conduct
