

# CPD EVENT RECORD

## KNEE SURGERY AND REHAB

with Professor David Barrett

**Recording:**  
*Learning  
by Oneself*

This discussion covered the benefits of specialization in knee surgery, the evolution and modern demands of knee prostheses, and the challenges such as infections and the need for durable, functional implants. The conversation highlighted the importance of early detection and personalized care in rehabilitation. Advances in surgical techniques, including robotic surgery, were also covered, providing insights into future trends in knee replacement surgery.
