

# CPD EVENT RECORD

## ANKLE REHAB

with Tim Allardyce

**Recording:**  
*Learning  
by Oneself*

### Summary

This discussion considered injuries to the plantar fascia, Achilles tendon and lateral ankle ligaments. The evidence for different approaches to rehab was given where available, and the utility of aids such as wobble boards, Bosu balls, therabands and sporting balls was described. An approach to chronic and repetitive injuries was outlined.

D7 D8 D9 D10 D11 D12

Objective Activity: None  
Communication & Consent: No

### Evaluation, Reflection and Impact on Practice

On reflection, this was a very helpful analysis of the options open when treating these common injuries and has helped ensure that my interventions are evidence-based where possible.

### Confirmation

I confirm that this is an accurate reflection of my learning during this event.
