

# CPD EVENT RECORD

## Breathwork II - Recorded

*with Kerry Dowson*

### Evaluation, Reflection and Impact on Practice:

This discussion and demonstration covered some very helpful techniques for improving breathing. It included techniques for the face and head which improved the efficiency of breathing, combined with a very clear explanation of the physiological theory behind them. The techniques were very suitable for telehealth consultations, and some very important safety considerations were raised in that connection.

### Chiropractic Code 2016
