

# CPD EVENT RECORD

## PERIPHERAL NERVE SURGERY

with Mr Marco Sinisi

**Recording:**  
*Learning  
by Oneself*

### Evaluation, Reflection and Impact on Practice:

This discussion covered a variety of injuries to peripheral nerves (conduction block, partial and full lesion), the signs and symptoms and the criteria for surgery. Surgical outcomes were described, as were a number of post-trauma and post-surgical scenarios, where a physical therapist might be in a position to recognise the need for referral to a nerve surgeon.
