

CPD EVENT RECORD

VIROLOGY

with Prof Nicolas Locker

Recording:
*Learning
by Oneself*

Evaluation, Reflection and Impact on Practice:

This was a clear explanation of the mechanisms of viral infection, focusing on SARS-Cov-2, together with the challenges of creating a vaccine and testing for previous infection with COVID-19. The logic behind certain hygiene requirements was explained, and the known longevity of novel coronavirus was given.

On reflection, this was very helpful in aiding my understanding of how to protect my patients and myself from cross-infection. It was also helpful in clarifying my knowledge of coronavirus, which will help me explain it better to patients.
